Please accept this letter as a personal and professional character reference for Damilola Ojedokun, born 14.05.1994 in Lagos, who is employed as a Junior QA Engineer since 01.06.2022 until 30.11.2022 at KNIME.

KNIME is a software development company with its headquarters in Zurich and additional offices in Konstanz, Berlin, and Austin. Our KNIME Analytics Platform is the leading open solution for data-driven innovation, designed for discovering the potential hidden in data, mining for fresh insights, or predicting new futures. Our commercial KNIME Server enables enterprises integrate advanced analytics into their operations.

In his role as a Junior QA Engineer, Damilola Ojedokun is responsible for the following tasks:

- Performs manual verification on various operating system and browsers
- Performs manual pre-release verifications
- Reporting bugs to developers
- Send summaries reports
- Participates in Agile ceremonies
- Reviews requirements
- Write test conditions and test cases

Mr. Ojedokun would be an asset to have on any team. He pitches innovative ideas at company meetings, but also listens to what others have to say. During his employment Mr. Ojedokun proves himself to be a very dependable employee and a hard worker with a wide range of professional knowledge as well as a high degree of self-initiative and commitment. Additionally, Mr. Ojedokun is a motivated and helpful employee. Furthermore, he relies on his English skills, which are an enrichment to his and our communication with our other offices as well as the management team in Konstanz and Austin. He completes the assigned tasks always to a satisfactory degree.

Of particular value to us is Mr. Ojedokun's work which is characterized by diligence and care. He is a fast-learner, careful and cautious about his work. Mr. Ojedokun is valued by managers and colleagues alike for his friendly and exceptionally competent manner.

Overall Mr. Ojedokun is a talented, hard-working employee. You can contact us by letter / e-mail if you require any further information.
